COMPLETED: 1999

PROGRAM: 6,500 SF

BUDGET: \$2,400,000

CLIENT: RON FORMAN,

THE AUDUBON INSTITUTE

MBA TEAM: CREED BRIERRE, ARCHITECT, FAIA

■ The Audubon Tea Room is the revival of a classic building built in Audubon Park in the 1930's and destroyed by fire in the late 1970's. The original was part of a complex of buildings across from the Audubon Zoo that included a carousel and a bandstand. The bandstand is all that is left. Cashio Cochran LLC selected Mathes Brierre Architects to be the associated architectural firm for this famous city landmark design.
