

# NEW LEARNING RESOURCE CENTER DELGADO COMMUNITY COLLEGE | NEW ORLEANS, LA

NEW CONSTRUCTION

**COMPLETION DATE:** SPRING 2014

**PROJECT AREA:** 15,000 SF

**BUDGET:** UNDISCLOSED

**CLIENT:** DELGADO COMMUNITY COLLEGE

**MBA TEAM:** EDWARD C. MATHES, AIA

PETER PRIOLA, AIA

NICHOLE CHAUVIN, AIA

■ The new two-story, 15,000 square foot Learning Resource Center is prominently located adjacent to the historic Isaac Delgado Building. In an effort to solidify the campus image, the contextual design of this building provides continuity with the existing campus aesthetic. The location of this brick clad building begins to allow for the formulation of a new campus quad. This building will house eight computer classrooms equipped with Smartboards and overhead projection capabilities. The facility will also be the home of the honor students' classroom and lounge. The project is pursuing credits for LEED for Schools 2007.
