■ The Julia Cruise Terminal Improvement is a \$10,000,000 addition and renovation which combines two existing cruise terminals into one large terminal in order to accommodate larger cruise ships. The project consisted of the renovation of approximately 80,000 square feet of existing space and a 7,000 square foot addition. The Julia Street Cruise Terminal includes waiting areas, ticketing, baggage and Customs declaration areas along with new toilets and vertical circulation core of two elevators and two escalators.
