

LUSHER CHARTER SCHOOL LUNCH TERRACE FORTIER CAMPUS | NEW ORLEANS, LA

LANDSCAPE ARCHITECTURE | RECREATION

COMPLETED: IN PLANNING

PROGRAM: 5,200 SF

CLIENT: LUSHER CHARTER SCHOOL

MBA TEAM: CREED W. BRIERRE, FAIA

KEITH SCARMUZZA, ASLA

SUZANNE HERZOG, ASLA

■ Mathes Brierre Architects donated landscape architectural services to design a lunch terrace for middle and high school students at Lusher Charter School's Fortier Campus. The lunch terrace is adjacent to the cafeteria and will include both tables and stadium-style seating along the building wall. The ground will have a combination of artificial turf and hard surfaces to reduce the amount of mud that forms on the wet ground. The terrace will also include open space that could serve a variety of formal and informal functions, including outdoor teaching space.
